Tips on how to use the MyHealth app

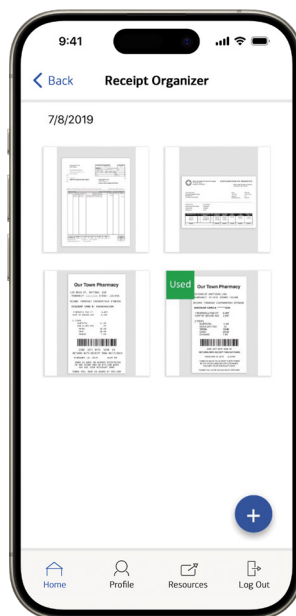

Smart Scan

With the Explanation of Benefits (EOB) Smart Scan feature, it's faster and easier to file claims. Simply scan the document with your phone and the information required for claim submission is auto-filled into the app.

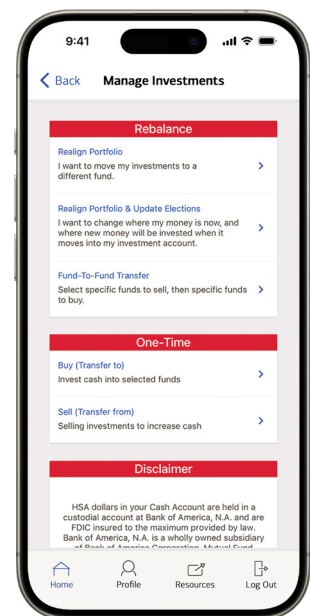

Receipt Organizer

Use the Receipt Organizer feature to quickly upload and store your receipts. All of your receipts will then be conveniently accessible in one place and available right at your fingertips.

Manage your investments

You can check the balance or recent activity in your investment account, see a summary of your fund performance, update your cash threshold, make changes to your portfolio and more. With your app, manage your investments wherever and whenever you need.
